Re: Bill C-234 entitled “An Act to Amend the Greenhouse Gas Pollution Pricing Act.”

Dear Mr. Lobb,

The Christian Farmers Federation of Ontario (CFFO) is an Accredited Farm Organization representing the interests of over 4,000 farm families in Ontario who are called to the vocation of farming. CFFO policy promotes economically, socially, and environmentally sustainable farming, advocating that farmers receive fair return for their production and stewardship efforts.

We are writing to indicate our sincere appreciation for your efforts in ensuring your Private Member’s Bill, C-234 “An Act to Amend the Greenhouse Gas Pollution Pricing Act,” successfully passed third reading in the House of Commons. We hope this bill will be just as successful in the upcoming consideration by the Senate.

We are pleased that Bill C-234 has received support from so many MPs across party lines. We are glad so many see the value of Bill C-234 as a way to support farmers and our agriculture industry. Farmers and all in the agri-food sector are vital to our food supply, health and economic prosperity.

Thank you for your support.

Sincerely,

Ed Scharringa, President
Christian Farmers Federation of Ontario
