

## Acknowledgements

This work was made possible by a generous grant from the Agricultural Adaptation Council. This coalition of farm interests is the agency which administers Ontario's share of the Canadian Adaptation and Rural Development fund (CARD) of Agriculture and Agri-Food Canada (AAFC).

We wish to thank Mr. Elbert Van Donkersgoed for helpful suggestions on the design of the 2001 CFFO farm show survey which inspired this project. We are deeply grateful to the focus group participants for their contribution of knowledge and understanding of the subject. We thank also the participants in the stakeholder meeting which formed part of this work. Finally, the following key informants and other contributors to the project are gratefully acknowledged:
