Delivered via email

Dear Minister Flack,

On behalf of the Christian Farmers Federation of Ontario (CFFO), I would like to extend my warmest congratulations on your appointment as Minister of Farming, Agriculture and Agribusiness. We are confident that you will use your voice to support the success of the agriculture sector in your role as Minister.

As you know, the Christian Farmers Federation of Ontario (CFFO) is an Accredited Farm Organization representing the interests of over 4,000 farm families in Ontario who are called to the vocation of farming. CFFO policy promotes economically, socially, and environmentally sustainable farming, advocating that farmers receive fair return for their production and stewardship efforts.

CFFO members are active in their communities and care about issues affecting agriculture today. Key concerns among our members include:

- protecting productive farmland across the province.
- a well-functioning food processing industry, especially abattoirs.
- attracting skilled labour to agriculture and agri-businesses.
- increasing access to food-animal veterinary care, especially in remote areas.
- reducing food waste.
- keeping carbon pricing costs low for food producers.
- incentivizing sustainable farming practices, like cover crops.
- improving food security for Ontario.

We are pleased to see strides have been made in many of these areas and fully expect that this progress will continue under your leadership.

The CFFO believes that the agriculture and agrifood sector can continue to be a cornerstone of the province's economy. We would like to request a meeting at your earliest convenience to discuss the long-term sustainability needs of our industry.

If we can be of any service to you in your work as Minister of Farming, Agriculture, and Agribusiness, we respectfully offer our support.
